ST SUPÉRY
ESTATE VINEYARDS & WINERY
NAPA VALLEY
St. Supéry Estate Vineyards and Winery is a 100% Estate Grown, sustainably farmed winery located in the renowned Rutherford growing region in the heart of Napa Valley. The winery combines French château tradition with Napa Valley terroir and a focus on Sauvignon Blanc, Cabernet Sauvignon and other red Bordeaux varietals.

We are committed to producing the highest quality estate wines without compromise. Through our sustainable winery and farming operations, we are protecting our land and environment for future generations, and we are proud to be certified Napa Green Land and Napa Green Winery.
St. Supéry Estate Vineyards and Winery is a 100% Estate Grown, Sustainably Farmed Winery

Estate Grown means:

- 100% of the wine comes from grapes grown on land owned by the winery.
- The winery must be located in the same viticultural area as the vineyard.
- The winery sorts, crushes, ferments, finishes, ages and bottles the wine in a continuous process on the winery’s premises.

Outside of St. Supéry, only a handful of other wineries within Napa Valley can call themselves 100% Estate including Joseph Phelps, Silverado Vineyards, Grgich, Trefethen, Diamond Creek, Dominus, Harlan, Bond, Promontory, Continuum and a few other small properties.
**Environmental Stewardship**

**LAND**

1,587 acres
Certified Napa Green Land and Fish Friendly Farming with only 1/3 planted to vine allowing over 2/3 to thrive in its natural state promoting a BALANCED ECOSYSTEM with a diverse collection of flora and fauna.

2.5 mi of untouched riparian corridor at Dollarhide and Rutherford Estate Vineyards

100 bluebird boxes
10 owl boxes
and INSECTARY ROWS and COVER CROP planted to attract beneficials and keep out harmful insects are only a handful of Integrated Pest Management techniques used in the vineyard

1,200+ heirloom fruit trees
planted at Dollarhide Ranch with 180 different varieties including 87 peach, 34 nectarine and 16 Plum

145+ varieties of edible foods
planted at Rutherford with 17 different varieties of tomatoes

**WATER**

100% reclaimed water
used at Dollarhide Estate Vineyard and RECYCLED water at Rutherford Estate Vineyard for both irrigation and landscaping with AERIAL IMAGERY and PRESSURE CHAMBERS used to closely monitor plant moisture and vigor

34% reduction in water usage
in production in the month of May 2017 compared to last year and overall year to date, water usage is down 20% in production

100% of production related water is recycled

50%, the amount of water saved while washing barrels, the crush pad, tank pads and general machinery in the winery with our new pressure washers

Winner of the 2018 Green Medal Award in the Environment Category

Certified Napa Green Land and Winery is one of the most comprehensive and rigorous programs to further protect the environment in Napa Valley. It is regulated at local, state and federal levels and certified by independent, third party regulatory agencies. With each re-certification, we must adhere to and meet new goals for continuous improvement.
Energy

- 26,502 trees or 1,057 tons of CO2 or 119,270 gallons of gas SAVED with the installation of our rooftop solar panels in 2015

- 9 irrigation pumps and 2 tractors replaced through the Moyer program, resulting in REDUCED GHGs

Waste

- 100% of organic winemaking waste diverted to compost and returned to vineyards, totaling 2,219 TONS in the past 2 years

- 100% of bottling glass, paper, plastic and cork products are recycled

- 5,000+ worms processing kitchen scraps producing valuable vermicompost which is returned to the Culinary Garden

People

- 50% post-consumer waste, the company-wide PURCHASING POLICY to ensure paper products are from RECYCLED goods

- 55 tons of CO2 saved from being emitted in 2016 from incentivized carpooling with 65% of employees at Dollarhide Ranch regularly participating

- Active Green Team to promote green practices within the winery

100% Estate Grown
Certified Napa Green Land and Winery
“St. Supéry has been making much better wines over the past 4-5 years, and their 2013s all show exceptionally well.” -Robert M. Parker, Jr.
Napa Valley Estate Virtú and Élu are elegant blends crafted from the desire to produce a wine that is a singular reflection of each vintage.

**2016 Napa Valley Estate Virtú**
An elegant and delicate white wine blend of Semillon and Sauvignon Blanc with tremendous length and flavor.

**2014 Napa Valley Estate Élu**
An elegant red blend that is structured with a long finish and graceful fine-grained tannins.
2017 Napa Valley Estate Sauvignon Blanc
Vibrant and opulent with intense grapefruit, lime and lemon zest flavors.

2015 Napa Valley Estate Cabernet Sauvignon
Black plum and black cherry mingle with dark molasses creating this structured wine with length, flavor and style.

2017 Napa Valley Estate Oak Free Chardonnay
Rich tropical aromas and hints of Asian pear, honeydew melon, nectarine and orange marmalade.

2017 Napa Valley Estate Moscato
A bright and sweet wine with rich flavors of exotic peach and nectarine with a citrus undercurrent.

2017 Napa Valley Estate Rosé
Bursting with vibrant young berry flavors, this Rosé finishes bright and full of life.

Certified Napa Green

The Winemaking Process
Napa Valley: Wines of the highest quality, cultivated with excellence in one of the world’s most extraordinary places.

- 30 miles long and roughly five miles wide, Napa Valley is just \( \frac{1}{8} \) the size of the Bordeaux region in France; roughly the size of Cote d’Or.

- Napa Valley produces only 4% of all California’s wine and .4% of the world’s wine. Yet it accounts for 10% of California’s vineyards and 34% of the California wine industry impact on the U.S. economy.

- Napa Valley became the first American Viticultural Area (AVA) to be recognized in California in 1981.

- The Napa Valley AVA has 16 unique nested AVA’s, demonstrating the diversity in growing characteristics of the terroir found throughout the valley.
Diversity – one of the smallest yet most diverse wine regions in the world

- Containing 50% of the world’s soil orders, Napa Valley has 33 soil series with more than 100 soil variations.

- Elevations range from sea level to 2,600+ feet, adding to the variety of microclimates within Napa Valley.

- Napa Valley’s morning fog and Mediterranean Climate of warm days, cool nights and a long, dry growing season are ideal for growing wine grapes and common to only 2% of the Earth’s surface.
